## Does Welfare Inhibit Success? The Long-Term Effects of Removing Low-Income Youth from Disability Insurance

Friday, November 6, 2015 | 12:10 – 1:30pm  
Andrews Conference Room 2203 SS&H

**Manasi Deshpande** is an Assistant Professor of Economics at the University of Chicago. Deshpande's research interests include the effects of social insurance and public assistance programs on consumption, health, and well being, and the interaction between these programs and labor markets. Deshpande was previously a pre-doctoral fellow in Health & Aging and Disability Policy Research at the NBER and received the Harry S. Truman Scholarship and the NSF Graduate Research Fellowship. She recently served on the Social Security Advisory Board's Disability Policy Advisory Panel.
